About us

Our Showhome & Design Services Team strive to create aspirational schemes to suit your design needs. We pride ourselves in producing high quality designs that are always on budget, engage your target audience and are delivered on schedule.

From the initial brief through to installation, you have a dedicated team assigned to work with you throughout the project. Our designers constantly monitor all market trends to ensure your bespoke scheme reflects what your customers are looking for. Every installation is carried out by our highly experienced and professional team. Each meticulous last detail is coordinated by our designers in preparation for the final reveal.

As part of the UK's largest flooring contractor we draw on exceptional resources. This includes our in-house production facility creating high quality curtains and blinds together with other soft furnishings produced promptly and efficiently for our designs when required.

Reliability and trust are essential values to us and underpin everything we do. Our nationwide coverage is supported by 15 regional offices giving us exceptional flexibility and that all important local knowledge.

Our expertise extends across a wide and diverse number of market sectors including new build properties (working with developers around the country), rental properties, retirement villages and housing associations.
