

# HAZARDOUS SUBSTANCES RISK ASSESSMENT

## Designer Contracts Ltd

Unit 8, Church View, Coney Green, Chesterfield, S45 9HA

<b>CPL - Styccobond F49 Activator Part B</b>	<b>Date of Assessment :</b> 15/12/2022	<b>Reference :</b> CPL - Styccobond F49 Activator Part B
<b>Risk Assessor :</b> Laura Cross	<b>Risk Assessor :</b>	
<b>Other People Involved in Making This Assessment :</b> Antony Maidens		

<b>R or H Descriptors:</b> H315 Causes skin irritation H317 May cause an allergic skin reaction H319 Causes serious eye irritation H411 Toxic to aquatic life with long lasting effects	<b>S or P Descriptors:</b> P264 Wash ... thoroughly after handling P273 Avoid release to the environment P280 Wear protective gloves/protective clothing/eye protection/face protection P313 Get medical advice/attention P302+352 IF ON SKIN; Wash with soap and water P305+351+338 IF IN EYES; Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing P501 Dispose of contents/container to ...xxxxx
<b>Additional Information</b> P264 Wash contaminated skin thoroughly after handling. P501 Dispose of contents/ container in accordance with national regulations.	
<b>Workspace Exposure Limit (WEL)</b> No WEL stated on Safety Data Sheet	

<b>Primary route(s) of entry :</b> Absorption, Ingestion, Inhalation	
<b>This is a Group C Substance.</b>	<b>The quantity used per batch or work period is: Medium (1-1000kg or 1-1000L)</b>
<b>The Substance is a Liquid of Low volatility</b>	
<b>Engineering Controls is the control measure appropriate to control the health risks from the use of this substance. Health Surveillance is not required.</b>	

<b>Existing Control Measures</b>
1. First aid measures General information Remove affected person from source of contamination

2. Inhalation Move affected person to fresh air at once. Get medical attention if any discomfort continues. Ingestion Rinse mouth thoroughly with water. Give plenty of water to drink. Do not induce vomiting. Get medical attention immediately.
3. Skin contact Remove contaminated clothing immediately and wash skin with soap and water. Get medical attention if irritation persists after washing.
4. Eye contact Rinse immediately with plenty of water. Continue to rinse for at least 15 minutes and get medical attention
5. Suitable extinguishing media Extinguish with foam, carbon dioxide or dry powder.
6. Unsuitable extinguishing media Do not use water jet as an extinguisher, as this will spread the fire
7. Personal precautions Provide adequate ventilation. Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Avoid contact with skin and eyes.
8. Environmental precautions Avoid the spillage or runoff entering drains, sewers or watercourses. Contain spillage with sand, earth or other suitable non-combustible material.
9. Methods for cleaning up Absorb spillage with sand or other inert absorbent. Collect and place in suitable waste disposal containers and seal securely.
10. Usage precautions Provide adequate ventilation. Good personal hygiene procedures should be implemented. Do not eat, drink or smoke when using this product.
11. Advice on general occupational hygiene Promptly remove any clothing that becomes contaminated. Wash contaminated clothing before reuse. Wash after use and before eating, smoking and using the toilet.
12. Storage precautions Store in a cool and well-ventilated place. Keep away from food, drink and animal feeding stuffs.
13. Appropriate engineering controls Provide adequate general and local exhaust ventilation.
14. Eye/face protection Personal protective equipment for eye and face protection should comply with European Standard EN166. Wear tight-fitting, chemical splash goggles or face shield.
15. Hand protection Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible. To protect hands from chemicals, gloves should comply with European Standard EN374.
16. Other skin and body protection Wear suitable protective clothing as protection against splashing or contamination. Wear apron or protective clothing in case of contact.
17. Respiratory protection No specific requirements are anticipated under normal conditions of use. Respiratory protection must be used if the airborne contamination exceeds the recommended occupational exposure limit.
18. Ecotoxicity Toxic to aquatic life with long lasting effects.
19. Disposal methods This material and its container must be disposed of as hazardous waste. Residues and empty containers should be taken care of as hazardous waste according to local and national provisions.
20. All empty containers should be returned to region and disposed of in Drum A
